## South Vancouver

The South Vancouver Tax Sale, to be held on Wednesday, September the tenth, will be the last great tax sale in this fine suburban municipality of 30,000 people, hence the last opportunity to obtain lots and acreage adjoining Vancouver City for the paltry amount of the tax arrears.

The last South Vancouver Tax Sale cleaned up to 1913. This sale will clean up to 1919, and hereafter the Municipal Act makes annual sales compulsory. Therefore, this will be a chance not again to come your way. You have over 6000 parcels to select from.

How Women Break Down

Owing to the modern manner of living and the nervous haste of every woman to accomplish just so much each day, they overdo, and as a consequence develop ailments peculiar to their sex, as is indicated by backache, headache, nervousness, the blues, displacements and weakness.

Remarkable Recovery

Minneapolis, Minn.—"I was run down
and nervous, could not rest at night, and
was more tired in the morning than when
twent to bed. I have two children, the
youngest three months old, and it was
drudgery to care for them as I felt so
irritable and generally worn out. From
lack of rest and appetie my baby did
not get enough nounshment from me, so
I started to give him two bottle feedings
a day. After taking three bottles of
Lydia E. Pinkham's Vegetable
Compound Helt like a new woman,
full of life and energy. It is a
pleasure to care for mychildren
and I amvery happy with them

and I am very happy with them and I ele fine. I nurse my baby exclusively again, and can't say too much for your medicine." Mrs. A. L. MILLER, 2633 East 24th St.

## How to Get a Present of \$1.00

BY a special arrangement, we have been able to make with the publishers of The Edmonton Semi-Weekly Bulletin, we now offer to our customers the following:

To everyone who sends us an order amounting to \$5.00 or over, we will give a year's subscription to The Semi-Weekly Bulletin, upon receipt of only \$1.00, which is just half the regular subscription price, provided you are not already a subscriber to that paper. No subscriptions to The Bulletin are accepted by the publishers for less than \$2.00, and it is easily worth that price. It is only by reason of the very special arrangement referred to that we are able to make this generous offer, which is confined to Sheldon's customers. We are doing this to enable all our customers to have our prices every week.

Sheldon's prices speak for themselves, and every article is guaranteed, as we say. If you are not satisfied, return the goods promptly, and your money is refunded cheerfully.

Send us only \$1.00 in addition to the price of the goods and you will be credited with \$2.00—a year's subscription.

## Pyrex Gassware Revolutionizes Cooking

Because glass is the cleanest material made, it has become the making of the universal drinking vessel. It has replaced metal, earthenware and china. So also is it doing in cooking. As an example of the heating quality of Pyrex, water will boil in a Pyrex dish placed in an oven in about 10 minutes, whereas it is exceptional to get an oven hot enough to boil water in any other utensil. This explains the better baking qualities of Pyrex ware. The ter baking qualities of Pyrex ware. The glass absorbs all the heat and assures that delicate brown on the bottom as well as the top. Pastry rises higher and meats, etc., retain all their juicy flavor. We will be pleased to show our customers this line of ware and explain its many hetter characteristics.
